

Pennsylvania Information Management System
Voluntary Vendor Participation Program

Successful Voluntary Vendor Program Participants

Congratulations to the following list of vendors who submitted their company information and extract files for testing that successfully loaded into the PIMS system. This list may not include all products that are interoperable with PIMS since vendors may elect not to participate in the Voluntary Vendor Participation Program. However, all vendors are strongly encouraged to participate in the program.

Note: Contact information from the vendors was entered into the matrix without being edited or tested for accuracy.

This program has been enhanced to certify vendors for all templates to be submitted throughout the 2007-2008 school year. A list of templates included in each certification is listed below:

- October Template Certification: Student, Student Snapshot, Programs Fact, School Enrollment
- January Template Certification: Staff, Staff Snapshot, Staff Assignment
- April Template Certification: Course, Course Instructor, Student Course Enrollment
- August Template Certification: Student Summary Attendance, Day Calendar, District Annual Facts, Location Annual Facts
